# **Welcome to the inaugural showcase of E-Town Extended!**

**We are thrilled to formally introduce this ensemble as one of the three cornerstone choirs making up the E-Town Vocal Music Society (ETVMS), standing alongside our vibrant E-Town Minors youth choir and our large, high-energy E-Town Augmented adult pop choir.**

**This group represents an exciting milestone for our society. Created entirely from scratch this season, E-Town Extended was born out of a desire to build a nimble, dedicated ensemble capable of stepping into varied stages and taking on unique performance opportunities as they arise. Most of all, it was designed for passionate singers who simply wanted to experience even more pop a cappella on top of their weekly commitment to singing with E-Town Augmented.**

**Led by our visionary Artistic Advisor, Caleb Nelson, Extended is an auditioned contemporary ensemble. This debut season features a tight knit group of 15 exceptional members who have spent the past months dedicating themselves to polishing these complex pieces as a cohesive unit. To bring this dynamic pop performance to life, you will hear our singers weave rich, acoustic vocal harmonies backed by the driving acoustic rhythms of the cajon - recreating the energy of full radio hits using the incredible power of the human voice.**

**An undertaking like this does not happen in a vacuum. We are immensely grateful to every individual who lent their time, energy, and hands to turn this dream into a stage-ready reality. A very special thank you goes out to the ETVMS Board of Directors, whose incredible flexibility, trust, and creative freedom allowed us to build this ensemble from the ground up and give it wings. We also would like to offer a huge thank you to Silver Studios for supplying all of our audio needs for both our rehearsals and concerts!**

**Thank you for joining us for our first ever full-length show—we are so glad you are here to share the harmony!**
